PROFESSIONAL SUMMARY

As a Software Engineer at NatWest, I focus on developing and deploying innovative software solutions that drive the bank's digital transformation. My work involves collaborating with cross-functional teams to design, implement, and optimise applications that meet business needs and enhance customer experiences. With a strong foundation in software engineering principles and an ISTQB industry-standard certification, my goal is to excel in the field of software engineering and to tackle the evolving challenges within the tech industry.

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, C#, SQL, HTML, CSS
Frameworks & Libraries: Django, Express.js, Vue.js, React.js, Bootstrap, Jest, NUnit, Selenium, Cucumber
Developer Tools: Git, GitHub, Npm, Node.js, SQLite, PostgreSQL, Railway, Postman

WORK HISTORY

- Graduate Software Engineer** Sept. 2024 - Present
NatWest Group London, UK
- Collaborated closely with cross-functional teams to develop and deploy secure, scalable software solutions that enhance NatWest's digital banking services
- Graduate SDET Consultant** Jan. 2024 - Aug. 2024
nFocus Testing Remote, UK
- Developed and automated test scripts using Selenium and Playwright, with TypeScript as the primary programming language, to ensure comprehensive test coverage and reduce manual testing efforts
 - Implemented functional, regression, and end-to-end tests, significantly lowering the time required for test execution and increasing the efficiency of the testing process
- Web Developer Trainee** Oct. 2023 - Dec. 2023
La Fosse London, UK
- La Fosse Academy, an award-winning training academy that supercharges technology careers. During an intensive 12-week course, students learn technology fundamentals
 - Engaged in hands-on learning and real-world projects, including building applications, working with databases, and following Agile development practices, demonstrating practical knowledge in software development
- Java Demonstrator** Sept. 2022 - Dec. 2022
Queen Mary University of London London, UK
- Assisted lecturers in delivering engaging and informative lectures, fostering a conducive learning environment
 - Provided individualised support and guidance to first-year students in procedural programming module, providing debugging and problem-solving support in lab sessions
